GreenUP

SCHOOL 2018/19 PROGRAMS

Enrich your classroom experience with education programs right here in Peterborough and the Kawarthas

Enrich your classroom experience with GreenUP programs!

GreenUP offers a variety of educational programs for elementary school students. Our curriculum-linked programs can enrich your classroom experience and support learning, right here in Peterborough and the Kawarthas!

NATURE

GreenUP Ecology Park Programs

GreenUP Ecology Park provides dynamic nature-based programs that bring curriculum to life. Enhance your classroom lessons through exciting hands-on exploration and activities delivered by experienced educators.

Students will explore and learn in a diversity of habitats including the Meade Creek wetland, tree nursery, meadow, forest and demonstration gardens. Curriculum-linked programs focus on a variety of environmental education themes such as soils and compost, animals and habitats, plants and trees, food gardens, insects, and many more!

Programs include Pollen Power, Are Eusocial, The Great Water Migration, Soil/Erosion/Compost, Seasonal Changes, Plants/Trees/Seeds, Lifecycles, Insects, Wildlife in our City, Invader Raiders, Ecosystems, Food, Power & Alternative Energy.

WATER

Peterborough Children's Water Festival May 28, 29 and 30, 2019

The Peterborough Children's Water Festival works in partnership with educators, water quality specialists, community, conservation groups, industry, and government to create a festival of activities that are educational and fun for children.

Wonders of Water (WOW)

The WOW program is an amazing opportunity to bring the magic and thrill of the Peterborough Children's Water Festival right into your learning space! WOW includes facilitated and curriculum linked in-class educational programs for all elementary grades.

WASTE

Recycle Rangers Website

The Recycle Rangers website provides schools and homes with information and materials to reduce waste by improving recycling and increasing composting; Recycle Rangers resources can help schools achieve EcoSchool goals.
www.recyclerangers.ca

TRANSPORTATION

Pedal Power

Aims to build confidence and competence in young riders. Covers bike handling, traffic safety, and ride preparedness. Each child receives over six hours of on-bike instruction.

Active & Safe Routes to School Peterborough

promotes the use of active and sustainable transportation for the daily trip to school, addressing health and traffic safety issues while taking action on air pollution and climate change.

Car Free Wednesdays

This program runs every Wednesday; schools can use our simple promo package to remind students to walk, roll, or bus every Wednesday or register for prizes by completing quick monthly surveys to track student travel choices.

On The Bus

On the Bus is a fun and interactive introduction to the Peterborough Transit System provided to Grade 3 classes in the city of Peterborough.

School Trip by Transit

Use Peterborough Transit to travel to your next field trip. We will provide resources to help teachers plan their route and educate students on how to use transit.

Grade 8 Transit Quest

This program encourages Grade 8 students to use Peterborough Transit by providing them with a FREE transit pass for March Break, and discounts at many local attractions.
